

North Central Kentucky Tree Canopy

I-64 Region of Kentucky

Expanse of forested areas in the I-64 area of North Central Kentucky

Data collected from the Woodland Tint layer for Kentucky and downloaded from The National Map TNM download (v2.0) website.

While the state of Kentucky has a forested region classified at 52.7%, my region of I-64 and other counties has an area of forestry classified at 36.1% forested.

The background photo was taken on I-64 in Frankfort en route to Louisville. A 3.5 mile stretch of I-64, crossing the Kentucky River that penetrates a corridor of sharp steep cliff faces, covered in a facade of trees (May 14th 2021, Eli Dunlap)
Latitude: $38^{\circ} 9' 33.75''$ N
Longitude: $-84^{\circ} 52' 28.68''$ W

Data completed on QGIS 3.10.
Map Designed in Adobe Creative Cloud applications Illustrator and Photoshop.
Trees are friends, not food.
